Brothers of the Epsilon Gamma Initiate Class of \_\_\_\_\_,

I wanted to reach out personally following a letter I recently sent, just to make sure it didn't get lost in the shuffle.

The mailing outlines an important update regarding our Epsilon Gamma chapter house at Louisiana Tech. A group of alumni has revived the efforts of the Twelfth Gate Foundation, and we felt strongly that every brother should understand where things stand—and what's at stake for the future of our chapter.

In short: the house is built, and it's something we can all be proud of. Young men are living there today, building the same kind of lifelong brotherhood that meant so much to each of us. But the project still carries significant debt, and it will take the support of our alumni to secure its future.

If you've already had a chance to review the package, thank you. If not, please keep an eye out for a UPS envelope from the Twelfth Gate Foundation.

I'd welcome the chance to connect if you have any questions or would like to talk through ways to get involved. You can simply reply to this email which will be monitored by our group, or you can contact any of us directly using the information below:
